CONDITIONS OF SALE

1. INSPECTION : No lot is available for inspection by post.
2. EXTENSION: Extensions for expertising will be granted on application. Any purchase made with an extension is payable in full in compliance with Condition 7. Such monies will not be made available to the vendor until the purchaser has received the certificate. If the item does not receive a clear certificate, the Auctioneer will refund any expertisation fee not exceeding seventy dollars (\$70).
3. BIDDING
 - 3.1 Bidding, either absentee or in the room, will bind the bidder to these conditions of sale. Subject to any reserve price, the highest bidder shall purchase the lot: any dispute arising as to who is the highest bidder shall be determined by the Auctioneer who may offer the lot again. The Auctioneer may group, split up, or withdraw lots, and transfer bids to identical lots at his discretion.
 - 3.2 The bidder shall be deemed to purchase as buyer unless prior to bidding he has given the Auctioneer a copy of a written authority to bid on behalf of another person.
 - 3.3 Where an agent purchases on behalf of an undisclosed client, such agent shall be personally liable for payment of the purchase money to the Auctioneer and for safe delivery of the lot to the said client.
 - 3.4 Vendor bids shall not be accepted.
4. BIDDING INCREMENTS: Postal bids must comply with the following steps:

Under \$300 - \$10 increases	\$1,000-\$2,000 - \$50 increases
\$300-\$500 - \$20 increases	\$2,000-\$5,000 - \$100 increases
\$500-\$1,000 - \$25 increases	

Otherwise, the regulation of bidding is at the Auctioneer's discretion.
5. ABSENTEE BIDDERS: Bids will be accepted from persons unable to attend the auction, and their bids will be treated in utmost confidence and managed as though the bidder is in the room. The Auctioneer shall not be liable for errors or omissions in executing bids. Absentee bidders, who have not seen the lots they are buying, may reject any lot with the exception of bulk or mixed lots and collections, where the description is not in accordance with that given in the catalogue. However, any such lots are only returnable within forty-eight (48) hours of receipt, and in the condition received.
6. ESTIMATES: These are conservative. Bidding will commence at a bidding increment over the second highest postal/absentee bid received prior to commencement of the auction. Where one or no bids have been received, bidding will commence at seventy percent (70%) of the lot estimate, or at reserve if above 70%.
7. PAYMENT: Lots will be at the buyer's risk from the fall of the hammer, but title shall not pass until payment in full has been made of the purchase price (hammer price plus 15% buyer's premium (plus GST on buyers premium for NZ buyers) and, if applicable, interest). Payment and clearance of lots by room buyers may be carried out on the day of the sale. Payment by postal/absentee bidders must be made upon receipt of invoice. Payments not received within 30 days of auction date will be subject to 2% penalty interest.
8. No GST is charged on the hammer price, but purchasers outside of New Zealand undertake that neither they or an associated person will cause the goods to be re-imported into New Zealand in substantially the same condition in which they were exported.
9. FAILURE TO PAY: If the buyer breaches Condition 7, the Auctioneer, without prejudice to any other rights available to it, shall be entitled without notice to the buyer to exercise one or more of the following rights and remedies:-
 - 9.1 to terminate the contract with the buyer and any monies which the buyer has paid to the Auctioneer on account of such purchase or purchases shall be forfeited;

 - 9.3 to apply any monies at any time due by the Auctioneer to the buyer in payment of the purchase price (plus interest). The Auctioneer shall have a lien over any property of the buyer in the possession of the Auctioneer, in order to secure any monies due to the Auctioneer; and
 - 9.4 to proceed against the buyer for damages for breach of contract.
10. The Auctioneer reserves the right to refuse admission to any person to either viewing or the sale room, and the Auctioneer may refuse any bid.
11. GOVERNING LAW: These conditions shall be governed by and constructed in accordance with the laws from time to time in force in New Zealand and the parties hereto irrevocably submit to the non-exclusive jurisdiction of the Courts of New Zealand.

The 15th International Numismatic Auction

Welcome to the 15th Mowbray international auction with 806 lots, larger than our 2015 auction.

This Friday, 4 March 2016 auction is a major step forward. It provides for two New Zealand based international auctions per annum for vendors and buyers, adding to our regular Spring auction scheduled for Friday 14 October 2016, in line with our expansion plans.

Medals start the catalogue, including the exciting find of a previously unrecorded 1772 Resolution and Adventure medal distributed by Captain James Cook on his voyages.

This example has been held since the nineteenth century by a pioneer family, resident since the 1840s in the Wellington and Wanganui regions. Also from that era is a unique and important New Zealand Medal pair awarded to Lieutenant William Henry Free in both the 1840's and 1860's campaigns in the New Zealand Wars. Free was the last survivor to withdraw from a major engagement at Ohaeawai in 1845.

There are unlisted commemorative medals produced for the cancelled 1949 Royal Tour amongst the 35 medal lots. Also significant, in gold, are the Great Britain Churchill "V for Victory" medal by Frank Kovacs and 1967 Auckland Coin Club Medal.

Gold coins provide an outstanding feature with 216 listed from Australia, Great Britain and the rest of the World, from British guineas and classic US gold to modern proofs. Among the latter are the full selection of Hong Kong \$1000 gold coins from 1975 to 1987, the New Zealand 2011 icons Silver Fern \$10 coin and the British 1989 Gold Sovereign set, much sought after for its design. Half sovereigns, Sovereigns and other coins provide choice for both collectors and those interested in bullion.

The offering of New Zealand coins and bank notes is widely representative, including a Waitangi Crown, higher grade pre-decimal coins, a near comprehensive range of silver commemorative issues and the most widely circulating banknotes up to Don Brash's Governorship. The star of the show is a rarely seen Bank of Otago unissued 1850's 5 pound note, developed and printed in Great Britain by James Macandrew, before becoming Superintendent of the Otago Province.

Unusual New Zealand coins include a 1967 50 cent piece trial strike once owned by Sutherland, a 1984/5 ten cent struck on a 5 cent planchet, and a roll of 40 broken wing 1965 sixpences showing the history of the variety.

Australian coins include a 1923 halfpenny, full sets of pennies (except 1930) and shillings and many higher grade silver shillings. British circulation coins range from Elizabeth I onwards to the 2009 undated mule 20 pence error. The Australasian tokens range from the nineteenth century to scarcer later items such as the 1911 -14 Eden Manly sixpence, Chivers and Co sixpence and an Internment Camp Five Shillings in AU grade.

David Galt

World coins include 30 unusual large silver proofs from 30 different countries from the “International Year of the Child” campaign which lasted a nightmarish 4 years from 1979 to 1983 for the organisers dealing with developing country Governments. With prosperity in India and China, their items now have high prices. There are similarly scarce Philatelic Numismatic Covers with rare Russian 1971 and 1972 year sets, an Isle of Man 1978 platinum set and a fifth century BC Athenian tetradrachm or “owl”. There is much for every collector – both bulk lots and individual coins.

The highlight of the World banknotes is a series of Rhodesian and South African issues, including siege issues signed by Baden Powell at Mafeking and less well known siege issues by Marshall Hole. The Uppington Border Scouts siege 2 shillings of 1902, printed on khaki, is a real rarity. Exceptionally, we include forgeries – in this case German forgeries of World War II British banknotes. Normally we will not do so but these are of exceptional interest and well known so less likely to be used as deliberate deceptions. Also of interest are hundred-year old share certificates, New Zealand included.

Almost all lots will be available for viewing at www.mowbraycollectables.com

Finally, my hearty thanks to both our vendors and our team at Mowbrays – Arna Dal Din, Chelsea Dal Din, Keren Malin, Maree Malin, Nicola Bowden, Jane Smelt, Lyndell Fitzgibbon, Jan McDonald and John Mowbray. All have contributed much to this numismatic auction.

The medals were struck on the initiative of Sir Joseph Banks and distributed on Captain James Cook's second voyage, with eleven known to have been found in New Zealand of those distributed here directly by Cook on at least six occasions recorded in Cook's diary. This medal, previously unrecorded, has been held by a family which settled in Wellington then Wanganui in the 1840's. It has been in the possession of the family since the nineteenth century, thought likely to have been acquired then and kept with other family papers from that time. The family will be willing to make more details available to the purchaser post sale. It has the typical appearance of an example of the medal distributed by Cook on the voyage, with the lower reverse die crack through the word "March". 30	NEW ZEALAND Medals awarded to Lieutenant William Henry Free (2). The award of two of these medals to one person was extremely rare in this war. The first was awarded to Corporal William Henry Free of the 58th Regiment, last survivor of the stormers at Ohaeawai to leave the battle in 1845. Free was born in County Wicklow and came to New Zealand via being a guard on an Australian convict ship in 1843. This Ohaeawai action saw over forty British deaths at the hands of Maori. Free was appointed a Lieutenant in the Taranaki Militia after the outbreak of hostilities there in 1860, was in charge of the advance guard at Waireka, took part in most actions and expeditions during the 1860's war and was promoted to Lieutenant in the Militia. The inscriptions of each medal are "1618 Wm Free 58th Reg" and "Lieut W. H.Free Taranaki Rfe Vrs". The medals come with two framed commissions, dated 8 June 1864 and 5 June 1879, the first signed by Governor Sir George Grey and the second signed by Major-General Whitmore. Free died in Taranaki in 1919 at the age of 93. During his life he had become a farm Manager for Sir Harry Atkinson, the New Zealand Premier, been an elected member of the Taranaki Provincial Council and active member of the Masonic Lodge. NEW ZEALAND BANKNOTES

Other

659	1850s OTAGO BANKING COMPANY Five Pounds, unissued. Headed Bank of Otago with Scottish coat of arms central. It comes from an old Otago source and may be one of the finest specimens available. Hargreaves (1972, "From Beads to Banknotes"), provides an account of establishment of the bank from 1851 by James Macandrew and his brother in law, W.H.Reynolds in Dunedin in 1851. He records that the notes were printed before Macandrew and Reynolds left for New Zealand, with a high standard of engraving and paper especially watermarked "Bank of Otago". The banknotes were never issued as no charter for the bank was forthcoming from the Governor of the Colony, Sir George Grey. The note has some minor edge flicks around it but has had very little handling. The paper shows minor age discolouration but overall it grades as EF.	\$3,500

Sec. for N.Z., 82 by 44 mm. Folds evident at right but good clean example. Rare Item, often sent as a gift to soldiers at the front after purchase at Post Offices (New Zealand Numismatic Journal, 2008). VF	\$300
