# CONDITIONS OF SALE

1. INSPECTION: No lot is available for inspection by post.
2. EXTENSION: Extensions for expertising will be granted on application. Any purchase made with an extension is payable in full in compliance with Condition 7. Such monies will not be made available to the vendor until the purchaser has received the certificate. The onus shall be on the purchaser to obtain such certificate within a reasonable time, and bear all costs. If the item does not receive a clear certificate, the Auctioneer will refund any expertisation fee not exceeding \$70.
3. BIDDING:
  - 3.1 Bidding, either absentee or in the room, will bind the bidder to these conditions of sale. Subject to any reserve price, the highest bidder shall purchase the lot: any dispute arising as to who is the highest bidder shall be determined by the Auctioneer who may offer the lot again. The Auctioneer may group, split up, or withdraw lots, and transfer bids to identical lots at his discretion.
  - 3.2 The bidder shall be deemed to purchase as buyer unless prior to bidding he has given the Auctioneer a copy of a written authority to bid on behalf of another person.
  - 3.3 Where an agent purchases on behalf of an undisclosed client, such agent shall be personally liable for payment of the purchase money to the Auctioneer and for safe delivery of the lot to the said client.
  - 3.4 Vendor bids shall not be accepted.
4. BIDDING INCREMENTS: Absentee and online bids must comply with the following steps:

Under \$100 - \$5 increases	\$2,000-\$5,000 - \$100 increases
\$100-\$500 - \$20 increases	\$5,000-\$10,000 - \$200 increases
\$500-\$1,000 - \$25 increases	\$10,000-\$20,000 - \$500 increases
\$1,000-\$2,000 - \$50 increases	\$20,000 and above - \$1,000 increases

Otherwise, the regulation of bidding is at the Auctioneer's discretion.
5. ABSENTEE BIDDERS: Bids will be accepted from persons unable to attend the auction, and their bids will be treated in utmost confidence and managed as though the bidder is in the room. The Auctioneer shall not be liable for errors or omissions in executing bids. **Live online bidding** is possible through Auction Mobility, through our website. An extra 3% charge applies to all successful Auction Mobility bids.

Absentee bidders, who have not seen the lots they are buying, may reject any lot with the exception of bulk or mixed lots and collections, where the description is not in accordance with that given in the catalogue. However, any such lots are only returnable within forty-eight (48) hours of receipt, and in the condition received.
6. ESTIMATES: These are conservative. Bidding will commence at a bidding increment over the second highest postal/absentee bid received prior to commencement of the auction. Where one or no bids have been received, bidding will commence at seventy percent (70%) of the lot estimate, or at reserve if above 70%.
7. PAYMENT: Lots will be at the buyer's risk from the fall of the hammer, but title shall not pass until payment in full has been made of the purchase price (hammer price plus 17% buyer's premium (plus GST on buyers premium for NZ buyers) and, if applicable, interest). Payment and clearance of lots by room buyers may be carried out on the day of the sale. Payment by postal/absentee bidders must be made upon receipt of invoice. Payments not received within 30 days of auction date will be subject to 2% penalty interest.
8. No GST is charged on the hammer price, but purchasers outside of New Zealand undertake that neither they or an associated person will cause the goods to be re-imported into New Zealand in substantially the same condition in which they were exported.
9. FAILURE TO PAY: If the buyer breaches Condition 7, the Auctioneer, without prejudice to any other rights available to it, shall be entitled without notice to the buyer to exercise one or more of the following rights and remedies:-
  - 9.1 to terminate the contract with the buyer and any monies which the buyer has paid to the Auctioneer on account of such purchase or purchases shall be forfeited;
  - 9.2 to terminate the contract, resell the lot at any time by public auction and the buyer shall pay to the Auctioneer any resulting deficiency in the purchase price (plus interest) and insurance. Any surplus shall be paid to the vendor;
  - 9.3 to apply any monies at any time due by the Auctioneer to the buyer in payment of the purchase price (plus interest). The Auctioneer shall have a lien over any property of the buyer in the possession of the Auctioneer, in order to secure any monies due to the Auctioneer; and
  - 9.4 to proceed against the buyer for damages for breach of contract.
10. The Auctioneer reserves the right to refuse admission to any person to either viewing or the sale room, and the Auctioneer may refuse any bid.
11. GOVERNING LAW: These conditions shall be governed by and constructed in accordance with the laws from time to time in force in New Zealand and the parties hereto irrevocably submit to the non-exclusive jurisdiction of the Courts of New Zealand.
12. The buyer warrants that they are permitted under national laws to import item(s) purchased into any other country that they request the item(s) be exported to and accepts full responsibility for complying with those laws.

# Mowbray International Numismatic Auction #21

## Friday 21st September 2018

Our 21st International Numismatic Auction, the third auction for 2018, features 575 lots totalling \$242,000. Top billing goes to the only Albert Medal and Royal Humane Society of New Zealand Gold medal pair ever awarded in New Zealand, estimated at \$NZ 23,000 and on the market for the first time. Charles Augustus Chapman, Australian by birth, received the awards for successive rescues of 4 people from drowning in severe floods in Paparoa, North Auckland, in 1920, having swum out 75 meters or more in swift currents to rescue the people clinging to trees. Five less fortunate people died.

*David Galt*

Medals include the rare New Zealand Medal pair awarded to Lieutenant W H Free in the New Zealand Wars, estimated at \$NZ 7000, together with his framed commissions. Free fought in both the 1845 and 1860's campaigns, surviving battles where many British soldiers were killed, later becoming a local politician in Taranaki and farm manager for the New Zealand Premier, Sir Harry Atkinson. One of 13 official specimens of the New Zealand Cross from 1958 by Mayer and Kean, is estimated at \$2500. For those who like the quirky, we offer a waistcoat dating back to the Indian mutiny and pin dating to Sebastopol in the Crimean War under Militaria.

Commemorative, award and sports medal lots total 121, some with large numbers of sports, dancing, skating and other medals, many with gold and silver content and huge variety – US, Europe, Britain, Australia, New Zealand, pastoral, horticultural, industrial and more. They date back to 1790 for a Russian Catherine the Great octagonal medal for victory over Sweden and 1714 for George I's entry to London. An unusually elaborate set is 4 gold fencing medals to Charles George Bothner 1885 – 97, the only US Amateur ever to win all three fencing weapons titles in one year in the USA.

World gold coins total 76 lots, including a Gold Sovereign Proof Set of 2009, Five Pounds to Quarter Sovereign, PCGS PR69, estimated at \$5000, two Roman gold solidi of Valens and Valentinian and a rare Dumnocoveros Tigirseno stater, AD 25 – 35, estimated at \$4900 in gVF. New Zealand gold coins include a superb proof Pukaki 2004 gold \$10.

Other world coins include a balance of ancient Greek, Roman, Islamic and modern coins, including an AE Dupondius of Julius Caesar in VF estimated at \$NZ800 and Athenian "Owl" tetradrachm in EF at \$1200. A special feature is Indian coins, with many British Indian silver coins as well as Mughal and Princely States. British coins include Maundy sets of 1763 (EF) and 1836 (AU) and a pointed helmet penny of Cnut (1024 – 1030), S1158, slight bend but otherwise very attractive EF.

New Zealand coins include two Waitangi Crowns, one estimated at \$6200 in AU with very sharp detail and another in aEF estimated at \$6000. Many other high-grade New Zealand predecimal coins and proof decimals feature. Forty NZ error coin lots are included, with the rare Solomon Islands 2000 \$5 mule set at estimated at \$2000, the 2011 proof set with missing date ten cent at \$800 and a superb 1967 – 89 reverse twenty cent full brockage in UNC at \$900.

Tokens include high grade examples of Wilson, Mears and the Lipman Levy/ HJ Hall Halfpenny mule, all aEF or better, and one lot of 11 nineteenth century unofficial British farthings, some scarce. We don't normally highlight holed coins, but the Morrin & Co Penny, A389, holed but otherwise F, is missing from many collections.

The best New Zealand banknote is the rare New Zealand Fleming £50 in aVF, serial R131656, one of few numbered below R199, estimated at \$5000. A near complete offering of Wilson £5 prefixes and selection of Lefeaux Ten Shillings to One Pounds add interest as do the Proof BNZ 1924 5 pounds and Bank of New South Wales 10 pounds circa 1870. The rare 1845 Edward Dorset Pound and Shilling shinplasters also feature and there will be few opportunities to acquire these again. World banknotes include an Australian Cerutti/Collins 1918 Pound, P4d in aF, unusual Saar issues and for those who like big numbers, a group of eight Zimbabwe \$100 trillion.

Thanks to all who have contributed, our vendors and buyers and hard-working staff, especially Nicola Bowden, Paul Stark, Jared Thornton, Rodney Hall, Benjamin Galt, Maree Malin, Keren Malin, Jan McDonald, and John Mowbray who have worked on this numismatic auction.

- Charles Augustus Chapman was born in Sydney, Australia 1885 to Thomas Chapman and Frances (nee Green). He came to New Zealand about 1905 with electoral rolls showing his occupation as a box maker and assistant storeman prior to the rescue. He was a competitive swimmer, winning championships in both Australia and New Zealand. Royal Humane Society Case No 508 shows that in the early hours on the 27th of March 1920, a severe flood swept through the Paparoa Valley North of Auckland. When Chapman who at the time was living nearby in Huarau received news that the town was inundated with water and people were drowning, he hastily put on his bathing suit and ran to the Paparoa township to help. Seeing that the torrent was too strong, Chapman used a ladder as a flotation device to save the first two victims. Immediately after, Chapman ran to another part of the flood to rescue a mother and her young child from a tree. He swam out to the endangered pair but to effect a rescue he had to go back for a plank. In his second attempt his safety rope broke, so he used some fencing wire to tow the child back to safety, with another swimmer finally joining him for his last rescue of the mother. After the rescue, Chapman worked at the Rotorua baths before returning to Sydney for a period. He later returned to Wellington where he spent the majority of his life working as a foreman. Research, photos and correspondence available.
